OUR VISION

Our vision is to highlight and solve crucial Technical Issues in Engineering Construction and Supply Industry to the satisfaction of our valued clients.

We specialize in designing creatively branded outstanding Buildings, deploying incredibly smart home technologies, carefully crafted sustainable cities and a budget-friendly approach.

OUR MISSION

To be the foremost Architectural Design, Civil, Mechanical, electric, Building Engineering, General Supply, as well as Technical Company of the Millennium.

OUR STRATEGY

As our policy, projects are managed in a cost-effective manner on start alone or supporting basis in concert with its well-selected overseas associates, project personnel terms chosen case by case, based on the basis of hands-on experience for the task at hand.

We, therefore, provide all project management and engineering services for which it carries sole responsibility under a simple contract.

Archia is an indigenous company owned and managed by Nigerians with tested qualities in their various Area of Real Estate Development Management, Building, Road Construction, Civil Engineering Services, Construction Engineering, Drilling, Supplies, Electrical Installation, Dredging and general contracts.

We are in a position to assure Clients of the successful execution of their project especially within the time limit or constrain. As our policy, projects are managed in a cost-effective manner on start alone or supporting basis in concert with its well-selected overseas associates, project personnel terms chosen case by case, based on the basis of hands-on experience for the task at hand. We, therefore, provide all project management and engineering services for which it carries sole responsibility under a simple contract.

ARCHIA LIMITED is moderately equipped with backup services and business understanding involving a wide range of companies in the industry. ARCHIA LIMITED was incorporated with main focus on Architectural and engineering services although we have since diversified.

ARCHIA LIMITED ranks among the fastest growing Company. The company is well known in the area of Architectural design, construction of Buildings, Roads, Bridges, Dams, Electrical Installations, Water Borehole Drilling Distributions, and Estate Development, Landscaping and Horticultural Designs including technical support services to oil companies and industries, general contracts and supplies.

IDEAS WORTH INNOVATING

Our projects, all of which are unique, encompass contextual analysis, formal design, a sense of uses, an original approach to materials, pleasure in construction, new itineraries in the city, and a reinvention of urban situations.

PLANNING YOUR PERFECT SPACE

We specialize in designing creatively branded outstanding Buildings, deploying incredibly smart home technologies, carefully crafted sustainable cities and a budget-friendly approach.
